A beautiful gift edition of this instant classic exclusively for graduates, with a special letter from Eric Metaxas to those entering the next phase of life ' s journey. What makes a great man great? In Seven Men, New York Times bestselling author Eric Metaxas explores that most important of questions in through the captivating stories of some of the greatest men who have ever lived. How did George Washington resist the temptation to become the first King of America, and why did William Wilberforce give up the chance to be prime minister of England? What made Eric Liddell cast aside an almost certain Olympic gold medal? What enabled Jackie Robinson to surrender his right to fight back against racists, or Dietrich Bonhoeffer to jeopardize his freedom and safety to defy the Nazis? In this stirring and inspiring work, Eric Metaxas reclaims a long-lost sense of the heroic--the idea that certain lives are worthy of emulation. Get to know the seven men in this book, and your life will be immeasurably richer.

The Grind is today's new textbook for success. It not only provides its readers with insight on achieving their goals, but further aims to bring about their peak levels of performance on a consistent basis. Three words can sum up the soul of this book: whatever it takes. This book features many in-depth examples of practices from some of the most prominent entities in the business world including Donald Trump, Sean Combs, Howard Schultz, David Geffen, Sam Walton, Russell Simmons, and many others who have achieved success. Along with characteristics such as hard work, dedication, attention to details, perseverance, The Grind includes groundbreaking unorthodox strategies to give the reader a competitive edge. Every person has the potential to become successful; the only limitation is the person's own self and the effort they are willing to contribute. It is solely a choice whether or not they will do what is necessary to position themselves for success, and this book is the definitive reference that will motivate and show readers how to do just that.

NATIONAL BESTSELLER * Read with Jenna Book Club Pick as Featured on Today * From the creator of Elle's "Eric Reads the News," a heartfelt and hilarious memoir-in-essays about growing up seeing the world differently, finding unexpected hope, and experiencing every awkward, extraordinary stumble along the way. "Pop culture-obsessed, Sedaris-level laugh-out-loud funny... [R. Eric Thomas] is one of my favorite writers."--Lin-Manuel Miranda, Entertainment Weekly FINALIST FOR THE LAMBDA LITERARY AWARD * NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY TEEN VOGUE AND ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine * NPR * Marie Claire * Men's Health R. Eric Thomas didn't know he was different until the world told him so. Everywhere he went--whether it was his rich, mostly white, suburban high school, his conservative black church, or his Ivy League college in a big city--he found himself on the outside looking in. In essays by turns hysterical and heartfelt, Thomas reexamines what it means to be an "other" through the lens of his own life experience. He explores the two worlds of his childhood: the barren urban landscape where his parents' house was an anomalous bright spot, and the Eden-like school they sent him to in white suburbia. He writes about struggling to reconcile his Christian identity with his sexuality, the exhaustion of code-switching in college, accidentally getting famous on the internet (for the wrong reason), and the surreal experience of covering the 2016 election for Elle online, and the seismic changes that came thereafter. Ultimately, Thomas seeks the answer to these ever more relevant questions: Is the future worth it? Why do we bother when everything seems to be getting worse? As the world continues to shift in unpredictable ways, Thomas finds the answers to these questions by reenvisioning what "normal" means and in the powerful alchemy that occurs when you at last place yourself at the center of your own story. Here for It will resonate deeply and joyfully with everyone who has ever felt pushed to the margins, struggled with self-acceptance, or wished to shine more brightly in a dark world. Stay here for it--the future may surprise you.

Presents a critical analysis of the Founding Fathers' original intentions that argues that America is a nation bound by a radical and unprecedented idea about liberty and freedom that must be upheld by every citizen.

"A sweetly charming love story that leaves the reader with a lasting sense of hope." —Nicola Yoon, #1 New York Times bestselling author of Everything, Everything and The Sun Is Also a Star "The perfect novel to snuggle up with." —Emily Henry, New York Times bestselling author of Beach Read No one ever said love would be easy...but did they mention it would be freezing? Adam Stillwater is in over his head. At least, that ' s what his best friend would say. And his mom. And the guy who runs the hardware store down the street. But this pinball arcade is the only piece of his dad that Adam has left, and he ' s determined to protect it from Philadelphia ' s newest tech mogul, who wants to turn it into another one of his cold, lifeless gaming cafés. Whitney Mitchell doesn ' t know how she got here. Her parents split up. Her boyfriend dumped her. Her friends seem to have changed overnight. And now she ' s spending her senior year running social media for her dad ' s chain of super successful gaming cafés—which mostly consists of trading insults with that decrepit old pinball arcade across town. But when a huge snowstorm hits, Adam and Whitney suddenly find themselves trapped inside the arcade. Cut off from their families, their worlds, and their responsibilities, the tension between them seems to melt away, leaving something else in its place. But what happens when the storm stops?

Need a shortcut to a degree in shipping great software? Successful team leaders must have an extremely broad skill set to find the right product, work through a complex and ever-changing development process, and do it all incredibly quickly. In this guide, Chris Vander Mey provides a simplified, no-BS approach to the entire software lifecycle, distilled from lessons he learned as a manager at Amazon and Google. In the first part of the book, you ' ll learn a step-by-step shipping process used by many of the best teams at Google and Amazon. Part II shows you the techniques, best practices, and skills you need to face an array of challenges in product, program, project, and engineering management. Clearly define your product and develop your mission and strategy Assemble your team and understand enough about systems to communicate with them Create a beautiful, intuitive, and simple user experience Track your team ' s deliverables and closely manage the testing process Communicate clearly to gracefully handle requests, senior-management interactions, and feedback from various sources Build metrics to track progress, spot problems, and celebrate success Stick to your launch checklist and plan for marketing and PR
