combination.'—Tony Kushner, on John Patrick Shanley When a troubled but gifted boy from the South Bronx finds himself shipped off to a private school in New Hampshire, the adjustment to the alien environment will lead to his ultimate dissolution or redemption. Teachers in the affluent institution do not know what to make of the new boisterous student, though the challenge really lies in his self-perception. Like his most celebrated play, *Doubt*, the author has based this new work on his own personal experiences of growing up as a teenager in the South Bronx and his time spent at a prep school in New England. Shanley has created an elemental study of a young man's search for his place in the world. John Patrick Shanley's plays include *Outside Mullingar*, *Danny and the Deep Blue Sea*, *Savage in Limbo*, and *Dirty Story*, along with his "Church and State" trilogy, *Doubt*, *Defiance*, and *Storefront Church*. For his play *Doubt*, he received both the Tony Award for Best Play and the Pulitzer Prize for Drama. He has nine films to his credit, including the five-time Oscar-nominated *Doubt*, and *Moonstruck*, which received the Academy Award for Best Original Screenplay. The Writers Guild of America awarded Shanley the 2009 Lifetime Achievement Award in Writing.

remembered as one of the Hollywood Ten who opposed the House Un-American Activities Committee. Refusing to answer questions about his prior involvement with the Communist Party, Trumbo sacrificed a successful career in Hollywood to stand up for his rights and defend political freedom. In Dalton Trumbo, authors Larry Ceplair and Christopher Trumbo present their extensive research on the famed writer, detailing his work, his membership in the Communist Party, his long campaign against censorship during the domestic cold war, his ten-month prison sentence for contempt of Congress, and his thirteen-year struggle to break the blacklist. The blacklist ended for Trumbo in 1960, when he received screen credits for Exodus and Spartacus. Just before his death, he received a long-delayed Academy Award for The Brave One, and in 1993, he was posthumously given an Academy Award for Roman Holiday (1953). This comprehensive biography provides insights into the many notable people with whom Trumbo worked, including Stanley Kubrick, Otto Preminger, and Kirk Douglas, and offers a fascinating look at the life of one of Hollywood's most prominent screenwriters and his battle against persecution.

A memoir from the Emmy-winning Saturday Night Live writer that is “funny, spiky, and twistedly entertaining” (Entertainment Weekly). 39 Years of Short-Term Memory Loss

is a seriously funny and irreverent memoir that gives an insider's view of the birth and rise of Saturday Night Live, and features laugh-out-loud stories about some of its greatest personalities—Al Franken, Lorne Michaels, Dan Aykroyd, John Belushi, Bill Murray, Michael O'Donoghue, and Chris Farley. Tom Davis's voice is rich with irony and understatement as he tells tales of discovery, triumph, and loss with relentless humor. His memoir describes not only his experiences on the set of SNL but also his suburban childhood, his high school escapades in the sixties, his discovery of sex, and how he reveled in the hippie culture—and psychoactive drugs—from San Francisco to Kathmandu to Burning Man over the last four decades. Hysterical, lucid, and wise, *39 Years of Short-Term Memory Loss* is an unforgettable romp in an era of sex, drugs, and comedy. "Though it features some lurid and hysterical SNL stories, Davis's memoir is less a backstage expose than a winning coming-of-age story featuring a funny Midwestern kid following his unlikely dream to the top." —Publishers Weekly, starred review

The legendary actor looks back on his long and eventful life, reflecting on the joys and sorrows of aging, his storied Hollywood career, his family and five-decade marriage, and his Jewish faith.

all teachers, this text looks at language issues in the classroom through an applied sociocultural perspective focused on how language functions in society and in schools—how it is used, for what purposes, and how teachers can understand their students' language practices. While touching on the key structural aspects of language (phonetics, phonology, morphology, and syntax), it does not simply give an overview, but rather provides a way to study and talk about language. Each chapter includes practical steps and suggests tools for applying different kinds of linguistic knowledge in classrooms. The activities and exercises are adaptable to elementary or high school settings. Many examples focus on the intersection of math, science, and language. Teacher case studies show how real teachers have used these concepts to inform teaching practices. Given the increasing use of multimedia resources in today's schools, multiple mediums are integrated to engage educators in learning about language. The Companion Website provides a multitude of relevant resources that illustrate the diversity of language functions and debates about language in society.

Books the Year Based on the acclaimed series—a finalist for the Pulitzer Prize—an intimate account of the devastating effects of gun violence on our nation's children, and a call to action for a new way forward In 2017, seven-year-old Ava in South Carolina wrote a letter to Tyshaun, an eight-year-old boy from Washington, DC. She asked him to be her pen pal; Ava thought they could help each other. The kids had a tragic connection—both were traumatized by gun violence. Ava's best friend had been killed in a campus shooting at her elementary school, and Tyshaun's father had been shot to death outside of the boy's elementary school. Ava's and Tyshaun's stories are extraordinary, but not unique. In the past decade, 15,000 children have been killed from gunfire, though that number does not account for the kids who weren't shot and aren't considered victims but have nevertheless been irreparably harmed by gun violence. In *Children Under Fire*, John Woodrow Cox investigates the effectiveness of gun safety reforms as well as efforts to manage children's trauma in the wake of neighborhood shootings and campus massacres, from Columbine to Marjory Stoneman Douglas. Through deep reporting, Cox addresses how we can effect change now, and help children like Ava and Tyshaun. He explores their stories and more, including a couple in South Carolina whose eleven-year-old son shot himself, a Republican politician fighting for gun safety laws, and the charlatans

infiltrating the school safety business. In a moment when the country is desperate to better understand and address gun violence, Children Under Fire offers a way to do just that, weaving wrenching personal stories into a critical call for the United States to embrace practical reforms that would save thousands of young lives.
