For centuries, lighthouse warnings have saved ships and lives along New England ’s 6,000 miles of coastline. Tall and white, squat and striped, remote and accessible: each New England lighthouse is different. Together, they are symbols of the region and its maritime heritage. All the New England states have lighthouses.

In 1760, the merchants of New London, Connecticut conducted a lottery to raise money to build a lighthouse to guide ships into their harbor. Ever since, numerous lights have guided sailors past Block Island to the busy ports of Long Island Sound. Join author and photographer Kevin Woyce for an illustrated tour of eleven historic lighthouses—two on Block Island, the rest along the Connecticut Coast, including those at New Haven, New London, Stonington, and Stratford. Discover how and why these lights were built, and meet the brave men and women who tended them, under trying and often dangerous conditions. You ’ll also find information about visiting lighthouses that are open to the public, and the best places to see offshore or privately owned lights. Illustrated throughout with original black & white photographs. Table of Contents: Introduction Chapter One – Block Island Chapter Two – New London Chapter Three – Bridgeport Chapter Four – Stratford Chapter Five – Stonington Chapter Six – New Haven Chapter Seven – Norwalk

Wildsam Field Guides: New England leads travelers into the most authentic experience of this American region, working closely with an eclectic team of trusted locals. Contributors include writer Michael Paterniti, boat captain Linda Greenlaw Wessel, geologist Robert Thorson, chef Cara Stadler, water keeper Cyrus Buffum and novelist Julia Glass, among others. Topics in the handsome volume include oysters, foliage of note, shipwrecks, clam chowder, overfishing, Louisa May Alcott, historic lighthouses, Martha à (r)m’s Vineyard and more.

This is a reissue of one of Edward Rowe Snow’s most enduring classics. First published in 1945, it relates the histories of over fifty of the region’s lighthouses in rich detail. Snow gives special emphasis to the story of heroine Abbie Burgess at Maine’s Matinicus Rock Light, to the rich histories of Boston Light and Minot’s Ledge Light. Modern day lighthouse expert Jeremy D’Entremont has provided extensive annotations to Snow’s chapters, bringing the information about each lighthouse up to date.

"Considered the bible of scouting techniques" according to the Los Angeles Times, Football Scouting Methods explains the basic scouting strategies and insights of author Steve Belichick. He was widely viewed as the ablest football scout of his time and coached at the U.S. Naval Academy for 33 years; his son is New England Patriots coach Bill Belichick, a three-time Super Bowl winner. When Steve Belichick died in November 2005, the New York Times headline described him as "Coach Who Wrote the Book on Scouting," and cited Houston Texans General Manager Charley Casserly calling Football Scouting Methods "the best book on scouting he had ever read." The book explains how to scout opponents, recognize defenses, analyze offenses, discover "tip-offs," compose a useful report, self-scout, and conduct postgame analysis.

William Faulkner once said, "The past is never dead. It's not even past." Nowhere can you see the truth behind his comment more plainly than in rural New England, especially Maine, New Hampshire, Vermont, and western Massachusetts. Everywhere we go in rural New England, the past surrounds us. In the woods and fields and along country roads, the traces are everywhere if we know what to look for and how to interpret what we see. A patch of neglected daylilies marks a long-abandoned homestead. A ground-ovr collar hole with nearby stumps and remnants of stone wall and orchard shows us where a farm has been reclaimed by forest. And a piece of a stone dam and wooden sluice mark the site of a long-gone mill. Although slumping back into the landscape, these features speak to us if we can hear them and they can guide us to ancestral homesteads and famous sites. Lavishly illustrated with drawings and color photos. Provides the keys to interpret human artifacts in fields, woods, and roadsides and to reconstruct the past from surviving clues. Perfect to carry in a backpack or glove box. A unique and valuable resource for road trips, genealogical research, naturalists, and historians.

In the Washington Square area of New York City in the late nineteenth century, devastating betrayals by both her father and her lover leave shy and fragile Catherine Sloper permanently scarred.
