medical, emergency management, 911, military as well as civil emergency services. This comprehensive, student-friendly text, like no other on the market, is designed for students who will become part of a diverse workforce and who, in their future careers, will encounter citizens from many backgrounds. Multicultural Law Enforcement: Strategies for Peacekeeping in a Diverse Society, 6e, addresses topics of key concern to criminal justice and emergency service professionals, including cultural awareness, prejudice, bias, racial profiling, hate and bias crimes, and cross-cultural communication. It covers issues of workforce diversity such as the recruitment and retention of minorities. The content deepens readers' understanding of many demographic groups in our nation's multicultural population, broadly focusing on ethnicity, race, culture and sexual orientation as well as on other societal sub-groups, including immigrants, refugees, homeless, mentally ill and gangs. The book also addresses multicultural issues that relate to terrorism, homeland security and disaster preparedness. The information and insights contained in the text will no doubt contribute to the increasing need for professionalism required of law enforcement in responding to multicultural diversity issues. Using examples from case studies and established guidelines within law enforcement, the text focuses squarely on the contact police officers and civilian employees have with the community, emphasizing the importance of cultural awareness, understanding, and respect. In adopting this textbook, instructors will have access to a complete learning package designed to stimulate students' higher levels thinking and awareness. Teaching and Learning Experience This book serves as a focused roadmap for law enforcement with its comprehensive look at the impact of cross-cultural and diversity challenges within the criminal justice field. It provides: Extensive, in-depth coverage: the scope sets this text apart from its competitor Culture-specific chapters: exposes readers to an understanding of cultural, racial and ethnic groups without relying on stereotypical descriptions Complete learning package: makes course preparation

and learning easier

This Understanding treatise discusses the various bodies of law in relation to a fundamental issue permeating the entire field of juvenile law: the extent to which the law should protect young people rather than recognize them as autonomous persons. While the law traditionally adopted a protectionist posture, recent legal developments appear to recognize autonomy rights of adolescents in certain contexts. These developments are praised by some commentators who advocate wholesale rejection of the paternalistic model in favor of a system that treats adolescents as full-fledged persons under the law. This eBook does not advocate any particular resolution of the current debate about the nature of the rights of young people; rather, it suggests that sensitivity to the issues and arguments entailed in that debate is essential to any true understanding of the present state of juvenile law. With these concerns in mind, Understanding Juvenile Law begins with a general discussion of the nature of the rights of juveniles and the perception that young people constitute a unique class under the law. This theoretical introduction will serve as a background for subsequent discussion of juvenile law doctrine. The discussion separates aspects of juvenile law arising outside the juvenile justice system (defined in this text as the system of separate courts organized to deal with "delinquents" and "status offenders") from those arising within that system. This division is created as a useful means of organizing the doctrinal material, given the extensive body of rules that govern the juvenile justice system. Moreover, this organization permits the juvenile justice section to stand by itself as an independent text for students in courses that cover only that aspect of juvenile law.

Offering comprehensive coverage with an applied, practical perspective, Community Corrections, Second Edition covers all the major topics in the field while emphasizing reintegration and

Online Library Multicultural Law Enforcement 5th Edition

community partnerships and focusing strongly on assessment, risk prediction, and classification. Author Robert D. Hanser draws on his expertise with offender treatment planning, special needs populations, and the comparative criminal justice fields to present a complete assessment of the issues and challenges facing community corrections today. Insights into how the day-to-day practitioner conducts business in community corrections are illustrated by such things as the increasing role technology plays in the field.

Essentials of Community Corrections offers you a concise and practical perspective on community corrections while emphasizing successful offender reentry through strong community partnerships. Author Robert D. Hanser draws on his expertise with offender treatment planning, special needs populations, and the comparative criminal justice fields to present you with a complete introduction to community corrections today. A variety of practical pedagogical tools offer you insights into the daily lives of those working in the field and encourage you to start thinking like practitioners. Key Features: What Would You Do? assignments give you the chance to apply what they have learned by analyzing real-world scenarios to determine the best course of action for common challenges in community supervision. Applied Theory inserts throughout the book provide you with a focused application of a specific theory to particular issues in community corrections. Cross-National Perspective boxes demonstrate common themes in community corrections around the world, as well as different approaches used in other countries. Applied Exercises encourage you to reflect on your understanding of each chapter's content and to demonstrate your competence in using the information, techniques, and processes that you have learned. Food for Thought features at the end of each chapter guide your through a recent research study related to community corrections and include follow-up questions to help you think critically.

Online Library Multicultural Law Enforcement 5th Edition

Private Security and the Law, Fourth Edition, is a unique resource that provides a comprehensive analysis of practices in the security industry as they relate to law, regulation, licensure, and constitutional questions of case and statutory authority. It is an authoritative, scholarly treatise that serves as a solid introduction for students regarding the legal and ethical standards that shape the industry. The book takes you step-by-step through the analysis of case law as it applies to situations commonly faced by security practitioners. It describes the legal requirements faced by security firms and emphasizes the liability problems common to security operations, including negligence and tortious liability, civil actions frequently litigated, and strategies to avoid legal actions that affect business efficiency. It also examines the constitutional and due-process dimensions of private security both domestically and internationally, including recent cases and trends that are likely to intensify in the future. New features of this edition include: a chapter on the legal implications of private contractors operating in war zones like Afghanistan; updated coverage of statutory authority, as well as state and federal processes of oversight and licensure; and special analysis of public-private cooperative relationships in law enforcement. A historical background helps readers understand the present by seeing the full context of recent developments. This book will appeal to: students in physical security, security management, and criminal justice programs in traditional and for-profit schools; security professionals; and those working in law enforcement. Authoritative, scholarly treatise sheds light on this increasingly important area of the law Historical background helps readers understand the present by seeing the full context of recent developments National scope provides crucial parameters to security practitioners throughout the US NEW TO THIS EDITION! A chapter on the legal implications of private contractors operating in war zones like Afghanistan, updated coverage of statutory authority, updated coverage of state and federal processes of oversight and licensure, special analysis of

public-private cooperative relationships in law enforcement

Covering criminal justice history on a cross-national basis, this book surveys criminal justice in Western civilization and American life chronologically from ancient times to the present. It is an introduction to the historical problems of crime, law enforcement and penology, set against the background of major historical events and movements. Integrating criminal justice history into the scope of European, British, French and American history, this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories. The text now concludes with a chapter that addresses terrorism and homeland security.

This book provides an examination of noble cause, how it emerges as a fundamental principle of police ethics and how it can provide the basis for corruption. The noble cause — a commitment to "doing something about bad people" — is a central "ends-based" police ethic that can be corrupted when officers violate the law on behalf of personally held moral values. This book is about the power that police use to do their work and how it can corrupt police at the individual and organizational levels. It provides students of policing with a realistic understanding of the kinds of problems they will confront in the practice of police work.

Introduction to Policing, Third Edition continues to focus on the thought-provoking, contemporary issues that underscore the challenging and rewarding world of policing. Steven M. Cox, Susan Marchionna, and experienced law enforcement officer Brian D. Fitch balance theory, research, and practice to give students a comprehensive, yet concise, overview of both the foundations of policing and the expanded role of today ' s police officers. The accessible and engaging writing style, combined with stories from

Online Library Multicultural Law Enforcement 5th Edition

the field, make policing concepts and practices easy for students to understand and analyze. Unique coverage of policing in multicultural communities, the impact of technology on policing, and extensive coverage of policing strategies and procedures — such as those that detail the use of force —make this bestselling book a must-have for policing courses.
