In early modern England, the practice of ritual or ceremonial magic - the attempted communication with angels and demons - both reinforced and subverted existing concepts of gender. The majority of male magicians acted from a position of control and command commensurate with their social position in a patriarchal society; other men, however, used the notion of magic to subvert gender ideals while still aiming to attain hegemony. Whilst women who claimed to perform magic were usually more submissive in their attempted dealings with the spirit world, some female practitioners employed magic to undermine the patriarchal culture and further their own agenda. Frances Timbers studies the practice of ritual magic in the sixteenth and seventeenth centuries focusing especially on gender and sexual perspectives. Using the examples of well-known individuals who set themselves up as magicians (including John Dee, Simon Forman and William Lilly), as well as unpublished diaries and journals, literature and legal records, this book provides a unique analysis of early modern ceremonial magic from a gender perspective.

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.
