The Global Mercy is a modern, state-of-the-art hospital ship, equipped with six surgical operating rooms. She will also provide a specialized training platform for African surgeons, obstetricians,...

With humor and ease, Fr. Michael Gaitley, MIC, deftly unlocks the "one thing," the key to the Church's wisdom, and the greatest mystery of the Catholic faith: the Most Holy Trinity. Far from being an academic read, The 'One Thing' Is Three makes deep theology accessible to everyday Catholics. Further, it makes even what's familiar or forgotten new, exciting, and relevant.

This bizarre mystery based on real historical events is "an entertaining romp through New York of the 1890s" (The Washington Post). In 1893, Max Greengrass is a stringer for the New York Herald, paid by the column inch. With no regular salary, Max must hustle for his stories, and late one night he nearly trips over one. He finds four cats lined up neatly on a Greenwich Village sidewalk. They have no visible wounds, but are undeniably dead. The story makes the paper and Max pursues it, from low dives to posh mansions, from a proper if eccentric society of refined ladies concerned about the suffering of stray felines, to a bizarre conspiracy of churchly landlords and respected insurers who are getting rich by exploiting the misery of others. And it doesn't stop there. The facts he uncovers suggest dark ideas Max can barely contemplate, arousing suspicions that terrify him. He goes to meet a source in a deserted saloon, only to find the man as dead as the cats that started it all. Soon his worst fears come to life. The story Max is stalking now stalks him.

From the quiet cornfields of Indiana to the dark streets of Santiago de Cuba, Caleb McKennitt races for his life against forces both sinister and supernatural. Aided by the secretive John Konnor and Mr.

Jones, Caleb must survive long enough for the secret of The Mercy Group to be unraveled. Heaven and Hell fight for the life of Caleb as his beautiful wife, Lynn, tries to piece together the connections between a dead AIDS researcher, a leading pharmaceutical company, a presidential hopeful, a grass roots social justice group, and the world's most deadly group of assassins. Conspiracy, murder, and saints meet Caleb along his journey that may destroy both his faith and his life.

The true stories of the real nurses on the PBS show *Mercy Street* The nurses of the Civil War ushered in a new era for medicine in the midst of tremendous hardship. While the country was at war, these women not only learned to advocate and care for patients in hostile settings, saved countless lives, and changed the profession forever, they regularly fell ill with no one to nurse them in return, seethed in anger at the indifference and inefficiency that left wounded men on the battlefield without care, and all too often mourned for those they could not rescue. *Heroines of Mercy Street* tells the true stories of the nurses at Mansion House, the Alexandria, Virginia, hotel turned wartime hospital and setting for the PBS show *Mercy Street*. Women like Dorothea Dix, Mary Phinney, Anne Reading, and more rushed to be of service to their country during the war, meeting challenges that would discourage less determined souls every step of the way. They saw casualties on a scale Americans had never seen before; diseases like typhoid and dysentery were rampant; and working conditions--both physically and emotionally--were abysmal. Drawing on the diaries, letters, and books written by these nursing pioneers, Pamela D. Toler, PhD, has written a fascinating portrait of true heroines, shining a light on their personal contributions during one of our country's most turbulent periods.

'What Fr. Michael Gaitley, MIC, has done in *33 Days to Morning Glory* to promote true devotion to Mary, and what he has done in *Consoling the Heart of Jesus* to promote devotion to the Merciful and Sacred Heart of Jesus, he now does in *'You Did It to Me'* to promote the works of mercy. Fr. Michael Gaitley [MIC] has a genius for bringing together the spiritual and corporal works of mercy under the umbrella of *'The Five Scriptural Works of Mercy'* that Jesus will use to judge us at the end of the world, Matthew 25:31-46. He then enriches these Scriptural texts on mercy with the practical insights of St. Pope John Paul II, St. Faustina, and Pope Francis. He also has a very fertile imagination in bringing to life practical ways of implementing these works of mercy in our own individual lives, in our parish ministries as well as in the workplace, together with a plan of action for making these works of mercy concrete and livable. If implemented, these concepts will transform the culture of any parish. The simple soul will be energized to do and the contemplative soul will be inspired to intercede. I could not recommend this book more highly.' - Bishop Robert J. Hermann, Auxiliary Bishop Emeritus of St. Louis

The best-selling Motown artist of all time, Marvin Gaye defined the hopes and shattered dreams of an entire generation. Twenty years after his tragic death--he was shot by his father--his relevance persists because of the indelible mark his outsized talent left on American culture. A transcendent performer whose career spanned the history of rhythm and blues, from doo-wop to the sultriest of soul music, Gaye's artistic scope and emotional range set the soundtrack for America's tumultuous coming of age in the 1970s. Michael Eric Dyson's searching narrative illuminates Marvin Gaye's stellar ascendance--from a black church in Washington, D.C., to the artistic peak of *What's Going On?*--and charts his sobering personal decline. Dyson draws from interviews with those closest to Gaye to paint an intimate portrait of the tensions and themes that shaped contemporary urban America: racism, drug abuse, economic adversity, and the long legacy of hardship. Gaye's stormy relationships with women, including duet partner Tammi Terrell and wives Anna Gordy and Janis Hunter, are examined in light of the sexual revolution of the 1960s and 1970s. Dyson also considers family violence in the larger context of the African-American life and how that heartbreaking legacy resulted in Gaye's murder. *Mercy, Mercy, Me* is an unforgettable portrait of a beloved black genius whose art is reflected in the dynamism of contemporary urban America.

FBI Agent Atlee Pine's harrowing search for her long-lost sister Mercy reaches a boiling point in this breakneck thriller from #1 New York Times bestselling author David Baldacci. For her entire life, FBI agent Atlee Pine has been searching for her twin sister, Mercy, who was abducted at the age of six and never seen again. Mercy's disappearance left behind a damaged family that later shattered beyond repair when Atlee's parents inexplicably abandoned her. Now, after a perilous investigation that nearly proved fatal, Atlee has finally discovered not only the reason behind her parents' abandonment and Mercy's kidnapping, but also the most promising breakthrough yet: proof that Mercy survived her abduction and then escaped her captors many years ago. Though Atlee is tantalizingly close to her family at last, the final leg of her long road to Mercy will be the most treacherous yet. Mercy left at least one dead body behind before fleeing her captors years before. Atlee has no idea if her sister is still alive, and if so, how she has been surviving all this time. When the truth is finally revealed, Atlee Pine will face the greatest danger yet, and it may well cost her everything.

Protecting children from all forms of abuse and understanding their formative years is on the minds of today's professionals and families. In *At the Mercy of External*s, author Dr. David L. Roberts provides a practical model to successfully guide kids into adulthood. He introduces his Roberts FLAGS model (or RFLAGS), which explains how we tend to act out emotion-based anxiety rather than face the issues from the past that are often fueling our negative emotions of Fear, Loneliness, Anger, Guilt, and Shame. The model serves as a visual and intellectual way to understand the development of maladaptive behavior, and it is a means of helping us to understand that behavior is not necessarily representative of who we

are as a person. A companion to Psyche-Soul-ology, At the Mercy of Externals advocates a two-step approach to the problems families, kids, and professionals face in various situations and contexts. Roberts uses examples from his dysfunctional childhood, combined with his professional experiences helping at-risk youth, to demonstrate the importance of repairing our lives as adults as a preliminary step to nurturing and protecting children.
