A collection of artworks inspired by the lives and achievements of fifty famous women in science, technology, engineering, and mathematics, from the ancient world to the present, profiles each notable individual.

A guided journal based on Rachel Ignotofsky's New York Times bestselling book *Women in Science: 50 Fearless Pioneers Who Changed the World*. Full of writing, drawing, and creativity prompts, *I Love Science* inspires kids (and adults) of all ages to fill the pages with ideas, self-exploration, and big dreams for the future. Opening with a short reference section that contains basic equations, the periodic table, basic HTML codes, and a measurement converter, the journal then invites the user to write and dream through writing prompts like, "What is a challenge you've overcome recently?" The journal also includes inspirational quotes from notable women who've achieved greatness in the science, technology, mathematics, and engineering (STEM) fields, such as famous primatologist Jane Goodall's, "Only when our clever brain and our human heart work together can we reach our full potential." With illustrations, quotes, and nifty science infographics, this journal will encourage you to ponder the world through tinkering, discovering, doodling, and more

"Illustrated profiles of fifty pioneering female athletes, from the author of the New York Times bestseller *Women in Science*. A charmingly illustrated and inspiring book, *Women in Sports* highlights the achievements and stories of fifty notable women athletes--from well-known figures like tennis player Billie Jean King and gymnast Simone Biles, to lesser-known athletes like skateboarding pioneer Patti McGee and Toni Stone, the first woman to play baseball in a men's professional league.
