Having said this, GCSE Business Studies is a fairly easy GCSE and can still provide you with a few options after school. For example, you could go and study Accounting, Law, or Business Studies in college. GCSE Business Studies has a pass rate of 64.5% as of 2018. This doesn't actually seem that high, but there is a reasonable explanation for such a low pass rate.

Learning to teach may sound easy enough but the reality involves hard work and careful preparation. To become an effective teacher requires subject knowledge, an understanding of your pupils and the confidence to respond to dynamic classroom situations. This highly practical text is a revised edition of the very successful first two editions. With even more useful strategies and ideas, Learning to Teach in the Secondary School covers the whole spectrum of situations and potential problems faced by training and newly qualified teachers. This edition has been updated to include the changes to the National Curriculum that came into force in September 1999. It also covers changes in the organisation and curriculum for Initial Teacher Training and Continuing Professional Development This text offers a sound and practical introduction to the skills needed to gain Qualified Teacher Status, and will help you to develop those qualities that lead to good practice and a successful future in education. This book is the core text for the subject specific Learning to Teach series, also published by RoutledgeFalmer, and is an essential buy for every student teacher.
